

PANTHER VISION®

PROMOTIONAL PRODUCTS THAT WORK

POWERFUL LED SOLUTIONS

TO LIGHT UP YOUR BRAND

Caps • Safety Glasses • Reading Glasses • Specialty Products

PANTHERVISIONPROMO.COM

PANTHER VISION®

WE SPECIALIZE IN LED LIGHTED PRODUCTS DESIGNED TO BRING MAXIMUM EXPOSURE TO YOUR BRANDS.

LIGHTED HEADWEAR

Lighted caps were our first big promotional success, and four generations later, they're better than ever! We offer a broad product lineup of lighted headwear to match projects to your clients' budgets.

POWERCAP®
2500

With the LEDs on this cap concealed under the brim, the caps preserve the stylish look of traditional non-lighted ball caps.

POWERCAP®
2575

With both forward pointing, and downward facing LEDs, these caps can do it all. The new 4-way switch allows you to select task, distance or all-on lighting modes.

POWERCAP®
3555

POWERCAP® LED Lighted Beanie Hats combine Patent Pending Ultra Bright LED technology with a premium Compression Fleece beanie style hat to provide you with the perfect hands-free flashlight.

LIGHTED EYEWEAR

Lighted eyewear has been our fastest growing category. Pick up a pair of LIGHTSPECS® and you'll see why!

LIGHTSPECS®
LED SAFETY GLASSES

ANSI Z87.1 certified safety glasses with powerful LED lighting to assist in any task where hands-free lighting and eye protection are needed. Great for safety programs. Ask about imprint options.

LIGHTSPECS®

Stylish and functional, these lighted reading glasses come in your choice of colors and magnifications from 1.0 through 3.0. A plastic carrying tube is included and is great for decorating or the insert of a business card.

ITZY BITZY™

The lighted magnifier that fits in your wallet to give you a powerful source of light and magnification whenever you need it. Ask about imprint options.

LIGHTED EYEWEAR

POWERFUL TASK LIGHTING SOLUTIONS FOR SAFETY,
READING & CONVENIENCE

Combines high-quality ANSI Z87.1-2010 rated safety glasses with ultra-bright LEDs hidden in the temples to protect your eyes and light-up your work area at the same time!

Great for any project or workplace with poor lighting including plumbing – electrical work – auto repair – assembly – inspection work – power outages – home projects and crafts.

Our LIGHTSPECS® LED Lighted Safety Glasses provide hands-free direct lighting that replaces bulky flashlights, headlamps or work lights for electricians, plumbers, automotive professionals, installers and do-it-yourselfers.

Features:

- 2 LED Patented lighting technology built right into the frames
- Meets ANSI Z87.1-2010
- OSHA Compliant
- 32 LUMENS of light output
- Anti-scratch/anti-fog coating on lenses
- Very lightweight
- 50+ hours continuous battery life (batteries included and are easily replaceable)
- 4 long life coin CR1632 lithium batteries included

As the population ages, we all need additional magnification and light for reading. LIGHTSPECS® combines patented, concealed LED technology and stylish reading glasses to create the perfect pair of LED lighted reading glasses. LIGHTSPECS is the perfect tool for reading in bed, while traveling or in dimly lit restaurants.

Great For:

- Reading in bed without disturbing your partner
- Outdoor night-time reading
- Maps
- Crafts
- Restaurants

Availability:

FRAME COLOR	STRENGTHS
 Black	1.0, 1.25, 1.5, 1.75, 2.0, 2.25, 2.5,
 Tortoise	2.75, 3.0

ITZY BITZY™

ITZY BITZY™ lighted wallet readers are the most convenient way to have light and magnification at your fingertips. These LED magnifiers are the size of a credit card and easily fit into the slot in your wallet so you never have to be without them. Simply remove them from the credit card slot, attach them to the end of your nose, and you will be able to read checks in restaurants, prescription bottles, maps, etc.

Great For:

- Restaurant Promotions
- Medical Promotions
- Eyewear Companies
- Promotions for Seniors
- Insurance Companies
- Banking

LIGHTED HEADWEAR

POWERFUL LED LIGHTING ON THE JOB, FOR YOUR HOBBIES, AND MORE!

With the LEDs on this cap concealed under the brim, the caps preserve the stylish look of traditional non-lighted ball caps.

2500 Series under-the-brim lighting angles the light downward to light-up where your hands and feet are at work or play while still providing useful forward lighting.

Features:

- Patent Pending Concealed Under Brim Technology Puts Light Right Where You Need It for Close to Medium Range Tasks
- Pre-Curved Poly Visor with Patent Pending Lighting System Integration
- 6 Panel, Low Profile Washed and Brushed Cotton Twill (Licensed Camo is 60/40 Cotton Poly Blend)
- Adjustable Hook-and-Loop Tape Closure
- Two Replaceable Lithium CR-2032 Batteries
- 24 Lumens
- 68 Hours Run Time
- 13 Meters Forward Lighting
- Simple One-Click On/Off Brim Switch Operation
- One Size Fits Most

The Best Cap For:

- **Concealed Lighting**
- **Close and Medium Range Tasks**
- **Low Cost / High Performance**
