PANTHER VISION®

Uncommon Solutions for Common Problems™

A eureka moment can occur at any time, and for the founder of Panther Vision that moment came while sailing at night into a sudden storm. With hands busy frantically working the rigging and wheel, he was forced to hold the small flashlight that provided the only illumination by placing it in his mouth. Clearly, there had to be a better way, and with a flash of inspiration, the Panther Vision lighted cap was born.

Since launching Panther Vision out of a garage that doubled as a laboratory over 20 years ago, our founder and lead inventor Mike Waters has strived to find uncommon solutions for common problems. Mike's quest to improve lives through smarter lighting products has resulted in over 25 patents to date and a thriving company that lives to defy convention. From our humble beginnings to wherever the future takes us, we vow to design and manufacture every product to make people's lives a little brighter, every day.

OUR PROMISE TO YOU

Our patented designs offer you unparalleled performance at a great value, so that you can count on our products to perform when you need them. All Panther Vision products are backed by a limited lifetime warranty which means our quality and performance is backed up by more than just words.

RECHARGEABLE

FL1 STANDARD	HIGH MODE	MEDIUM MODE	LOW MODE
LUMENS	80 LUMENS	35 LUMENS	15 LUMENS
BATTERY LIFE	4h	5.4h	10.5h
DISTANCE	15m	10m	8m

The patent-pending silicone molded design adheres snugly to user's head and prevents it from bouncing around while in use

- Convenient size & weight - Sleeker than traditional headlamps, making them easier to pack and wear
- Built-in micro USB charging port provides over 10 hours of battery life (lithium polymer battery)
- 3 Lighting Modes: adjustable high, medium & low settings
- IPX4 Water resistant and shockproof for all weather conditions
- Visibility of up to 15m (49 ft.) with a battery life lasting up to 4 hours

BRANDING OPTIONS

- One to four color imprint or laser engraving above lighting button control switch, 0.875" W x 0.1875" H.
- MOQ for domestic decorating is 48 pieces or 1,008 for custom factory orders.

POWERCAP®

CLIP-ON LAMP

RECHARGEABLE

FOR CAPS WITH BRIMS

RHC-9480

Powerful rechargeable LED in a portable clip-on that is designed to fit on any brim

- Built-in micro USB charging port for over 10 hours of battery life (lithium polymer battery)
- More functional and comfortable size than competitive clip-ons
- Lightweight and secure
- Designed to shine light where you look
- Visibility of up to 15m (49 ft.) with a battery life lasting up to 4 hours
- IPX4 Water resistant and shockproof for all weather conditions

BRANDING OPTIONS

- Branding area is 0.5" W x 1.125" L on the top side of the clip. Laser engraving (silver) or one color pad print.
- 48 piece MOQ for domestic decorating.
- 1,008 pieces for custom factory orders.

HEADLAMP IN A HAT™

POWERCAP's Improved Lighting Technology -

3.0 Series Headlamp Lighting

- Rechargeable lighting technology for superior run-time and convenience while respecting our planet
- Our Headlamp lighting unit provides up to 150 Lumens of light output powered by a rechargeable lithium polymer battery: 6 hour-30 minute charge time. Compatible with cell phone wall chargers, USB power banks, and USB computer ports
- 4 lighting settings: Max (150 Lumens), High (70 Lumens) Medium (35 Lumens) & Low (15 Lumens)
- Visibility of up to 19m (62 ft.) with battery life lasting up to 10.5 hours
- IPX4 water resistant & washable design intended for long lasting comfortable use
- Ideal for jogging, biking, camping, hunting, fishing, auto repair, home improvement or any activity needing hands-free lighting

3.0 Series Dual Headlamp Lighting

- 3 lighting settings: High (70 Lumens). Medium (35 Lumens) & Low (15 Lumens) in selectable white for task lighting or green for night vision applications
- Toggle between the white or green LEDs by holding down the control switch at any of the three lighting levels
- The 3.5 Series Dual Headlamp is powered by our rechargeable lithium polymer battery: 6.5 hour charge time. Compatible with all USB power supplies.

CUSTOM FACTORY ORDERS

Specs:

- Minimum order quantity is 576 pieces, same style, same color and same decorating
- Quantities must be in increments of 48 pieces above the MOQ
- PMS color matching for embroidery thread
- Custom cap colors are based upon fabrics available in the local markets at the time of order
- PMS color matched fabric is available for orders of 3,250 pieces or more, add 30 days to standard lead time to custom dye and process fabric. Lower quantities available at an upcharge
- Decorating options include embroidery, silk screening, woven labels and fabric appliques priced per request
- Standard packaging for CAPLight™ and POWERCAP®:
 - 48 piece master cases with (4) 12 piece inners, 16" x 17" x 15" @ 16 lbs.
 - Optional : 144 piece master cases with (6) 24 piece inners, 25" x 19" x 22" @ 42 lbs.
- Standard packaging for POWERCAP® Beanies:
 - 48 piece master cases with (8) 6 piece inners, 24" x 20" x 9" @ 15 lbs.
 - Optional custom bulk packaging upon request
- Individual poly bags/custom labeling/bar coding/carton markings upon request at additional cost
- Drop shipments available for additional cost, MOQ = inner pack
- Lead-time is approximately 90 days

Terms:

- A 50% deposit is required with your order
- Pre-production sample will be provided in approximately 4 weeks
- No changes after approval
- Balance due N30 days with credit approval or prior to shipment
- FOB California or available for factory pick-up in China

Decorating & Cap Accessory Options:

DECORATING

- 3-D Foam Embroidery
- Woven Labels
- Embossing
- Felt Patch
- Screen Print
- Sublimation
- Flat Stitch
- Custom Printed Seam Tape
- Heat Transfers
- Frayed Patches
- Water Print

CAP COMPONENTS
